### **Dr. Cary Nelson Discovers Perfect Biotics**

Grocery stores are full of products with Lactibacillus casei, but we need many more. After having realized that many of the probiotics we need on a daily basis, just simply are not available in one product, Dr Nelson joined forces with Probiotic America and began a trial first on himself.

Probiotic America allows Dr. Nelson to further this mission by giving him the resources to research the latest nutritional breakthroughs and formulate cutting edge probiotic supplements designed to return balance to the digestive system.

Dr. Cary Nelson is a board certified family practitioner. He earned his bachelor's degree at the University of California, Los Angeles, and studied medicine at the Universidad Autonoma de Guadalajara and New York Medical College.

## **How does it work?**

Perfect Biotics by Probiotic America selected their probiotics for their ability to survive the journey through your stomach and make it to your digestive tract where they belong.

A single capsule of Perfect Biotics contains 30 billion CFU (colony forming units) of probiotic in 15 strains.

Simply put, probiotics refer to the good bacteria which reside in your gut, the ideal 80/20 balance of "good" vs "bad" bacteria.

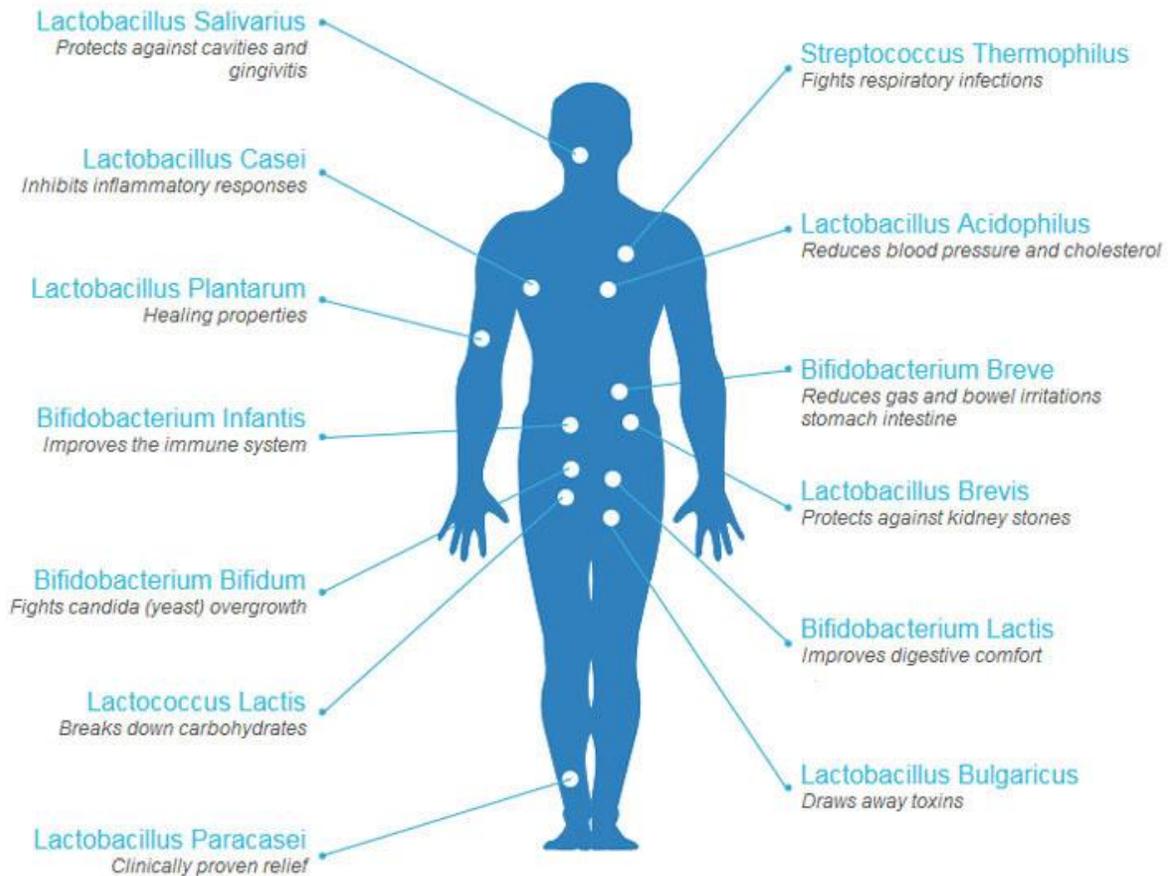

These play an important role of processing the food that we eat, boosting digestion, and helping you extract the greatest amount of energy and nutrients from food.

In the absence of probiotics, many people suffer from IBS, indigestion as well as other digestive conditions.

Dr. Cary Nelson believes that using Perfect Biotics can restore balance to the digestive system to make your life a lot easier.

In order to do that, the Perfect Biotics supplement is formulated with 15 unique probiotic strains.

These strains reside in your digestive system and also encourage healthy digestion.

## Can It Survive in Tough Stomach Acids?

Our stomachs produce very strong acids which are necessary in digesting the foods we eat. It has been clearly shown that only the highly resistant probiotic bacteria such as bifidobacteria and lactobacillus can survive this strong stomach acid.

Perfect Biotics by Probiotic America probiotics are specially selected for their ability to survive the journey through the stomach and make it to the digestive tract where they belong.

## **Ingredients**

If you've ever done a research on probiotic supplements, you most likely know the importance of identifying the specific strains. Below are all the strains that are included in every Perfect Biotics capsule.

- Lactobacillus Salivarius
- Lactobacillus Bulgaricus
- Bifidobacterium Lactis
- Lactococcus Lactis
- Lactobacillus Casei
- Bifidobacterium Infantis
- Lactobacillus Plantarum
- Lactobacillus Paracasei
- Bifidobacterium Bifidum
- Streptococcus Thermophilus
- Lactobacillus Brevis
- Lactobacillus Acidophilus
- Bifidobacterium Breve

Most of these strains are unique and cannot be readily found in other probiotic formulas currently in the market. Therefore, if you have tried other probiotic formulas but had no results, Perfect Biotics by Probiotic America may be the brand for you.

It is formulated to be very safe and as such, it can even be used by most everyone. If you have been using other probiotic supplements but to no avail, this is just what you might need. An exhaustive look at the ingredients shows that Perfect Biotics was painstakingly formulated. With the many positive reviews of the supplement alone it shows how truly effective it is.

## **Side Effects**

As with some probiotic supplements, you may feel a bit of discomfort during the first 1 or 2 days of usage but that is rare. This happens only as the supplements eases into your system. However, if there is any discomfort that is usually gone in a few days.

## **Allergy Concerns**

Probiotic America Perfect Biotics capsules are lactose free, gluten free, and soy free. The capsules are vegetarian.

The product may contain rice maltodextrin. For individuals with a RICE sensitivity you may need to consider this.

Other ingredients may include: anhydrous dextrose, vegetable cellulose and stearic acid.

## **Money Back Guarantee:**

Perfect Biotics has one of the most impressive satisfaction guarantees. They have a 90-day 100 per cent money back guarantee. If you use it but are not satisfied with the results, you just have to return the product and you will get full refund. This shows the amount of faith that the manufacturer has on their product.

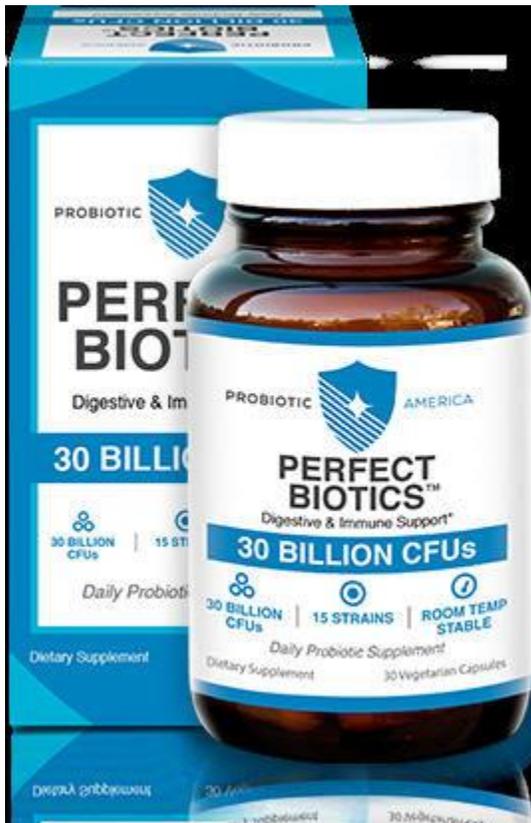

Perfect Biotics users have reported the following benefits:

- It may help repair internal damage brought about by gluten
- Not only improves digestion but also improves system response while also preventing gas-related bloating.
- May help reduce both joint and muscle pain
- May help reduce abdominal fat

- May help improve overall mood
- May help flush harmful toxins out of your system
- May help reduce cravings for carbohydrates and also increase energy

In addition, the supplement also features a natural fermentation process designed to stop the good bacteria from destruction inside your stomach. This enables the bacteria to go all the way to your intestines where they are most required.

**Is Perfect Biotics By Probiotic America's (No Refrigeration) A Scam?**

Judging by the good reviews posted by users, it is easy to conclude that the product works.

However, other people have been led to think that because of the non-refrigeration of the supplement, it is a scam.

The truth is that Perfect Biotics is Flash Frozen, and it's clearly not a scam.

Furthermore, it has a 90-day, 100% money back guarantee which means that

if, for any reason, you believe that the product has not met your

expectations, you will be refunded in full.

## **Overall Opinion**

This is a great product that we would recommend to anyone who has digestive problems. Perfect Biotics by Probiotic America has a lot of positives that we liked. For starters, you are only required to take a single capsule a day. This is nice and easy. Another thing is that the probiotic is very convenient since it is stable at room temperature and does not require being refrigerated.

Another great thing is that strain diversity is very good at 15. Other unique pluses include the fact that it can be used by vegetarians and is also made in the US.
